

Why is it important to report changes in my address?

The Housing Authority uses the address you provided to mail you a notice when you are required to update your application and remain on the waitlist and to inform you that your name has reached the top of the waitlist and we are ready to offer you assistance. If we try to contact you to offer you assistance, but cannot reach you by mail, you may be removed from the waitlist. If you do not have stable housing, provide us a "mailing address" of a family friend, relative or organization who you trust will make sure you get your mail.
