CUSTOM QUESTIONS

1. **Please describe the alternative method of calculating the utility allowances. Please explain how the method of calculating utility allowances is different from the standard method and what objective the MTW agency aims to achieve by using this alternative method.**

Utility allowances, using the standard method, are the deduction of individual utilities based on bedroom size and dwelling type from a household's Total Tenant Payment (TTP). The BHA will make a standardized utility allowance by averaging every utility type and then adding those averages together based on bedroom size and dwelling type:

1. Row House/Townhouse, Semi-Detached/Duplex, Triplex, and Fourplex
2. Detached House - Single Family Residence
3. Apartments - 5 or more units

This will result in a single utility allowance amount, based on bedroom size and dwelling type, that will be deducted from a household's TTP. The BHA will have three standard utility allowance schedules based on bedroom size and dwelling type for HCV. This new practice will reduce the administrative burden on the BHA's staff during recertifications.

CORE QUESTIONS

1. Fiscal Year Introduced

4. Narrative

The BHA will eliminate the utility reimbursements. The goal is to increase revenue for the authority while making households more self-reliant.

The BHA disburses \$3,945 in monthly utility reimbursements to approximately 68 HCV households, which equates to an average monthly utility reimbursement of \$58 per household. The yearly average reimbursement is \$696 per household. There are approximately 68 households that pay \$0 in rent due to their utility reimbursement. Once this activity takes effect, these households must pay at least the minimum rent of \$50 regardless of their utility allowance. The BHA will realize a minimum of \$3,945 in monthly cost savings and \$3,400 in monthly decreased Housing Assistance Payments. The BHA anticipates at least a \$88,140 cost savings during the first year in which this activity is implemented.

ACTIVITY 4 2.b. Payment Standards –Fair Market Rents (HCV)

CORE QUESTIONS

1. Fiscal Year Introduced

2023

2. Fiscal Year Approved

2024

3. Status

Not implemented

4. Narrative

The BHA will raise the payment standard to 120% of the Fair Market Rents (FMR) for Project-Based Vouchers (PBV), Mainstream Vouchers, and Foster Youth to Independence Vouchers (FYI). Through a safe harbor waiver, the BHA will raise the payment standard to 150% of the FMR for Tenant-Based Vouchers (TBV). Housing choices are dwindling due to increased local market rents, and this restricts where BHA households can live. This activity is a remedy to that concern.

The current BHA payment standard for PBV, Mainstream, and FYI is 110% of the FMR. A payment standard of 120% of the FMR will increase the payment standard by an average of \$236 for all bedroom sizes.

The current BHA payment standard for TBV is 120% of the FMR. A payment standard of 150% of FMR will increase the payment standard by an average of \$707 for all bedroom sizes. Raising the payment standard to 150% of the FMR is outside of the safe harbor and will, therefore, constitute a Safe Harbor waiver.

California has the highest homeless population in the United States. 27.89% of the total homeless population in the United States lives in California. Housing rents are inflated everywhere, especially in California. Finding decent, quality, and affordable housing in California is a difficult task for anyone, including market-rate renters. The pool of housing for low-income and affordable households is even shallower. In order for the BHA to compete with market forces, it must increase its payment standard. If the BHA is unable to raise its payment standard, it will result in fewer housing options for the city's most vulnerable populations, which could ultimately lead to more homelessness.

CUSTOM QUESTIONS

1. **Please explain the payment standards by ZIP code or "grouped" ZIP codes.**

The current BHA PBV, Mainstream, and FYI payment standard is 110% of the FMR. A payment standard of 120% of the FMR will increase the payment standard by an average of \$236 for all bedroom sizes.

Bedroom Size	Current FMR	Current PS	120% FMR-PS
SRO	\$1,243	\$1,367	\$1491
0	\$1,658	\$1,823	\$1,989

3	\$3,144	\$3,458	\$3,772
4	\$3,706	\$4,076	\$4,447

The current BHA TBV payment standard is 120% of the FMR. A payment standard of 150% of FMR will increase the payment standard by an average of \$707 for all bedroom sizes.

Bedroom Size	Current FMR	Current PS	150% FMR-PS
SRO	\$1,243	\$1491	\$1,865
0	\$1,658	\$1,989	\$2,487

4	\$3,706	\$4,447	\$5,559

IMPACT ANALYSIS

- Impact on the agency's finances (e.g., how much will the activity cost, any change in the agency's per family contribution)**
 The BHA will raise the payment standard to 120% of the Fair Market Rents (FMR) for Project-Based Vouchers (PBV), Mainstream Vouchers, and Foster Youth to Independence Vouchers (FYI). Through a safe harbor waiver, the BHA will raise the payment standard to 150% of the FMR for Tenant-Based Vouchers (TBV). It is anticipated that this activity will increase the BHA's federal expenditures in terms of housing assistance payments (HAP). The average HAP is projected to increase by \$236 per family, per month for PB, Mainstream, and FYI vouchers, and the average HAP is projected to increase by \$707 per family, per month for TBV. Augmenting the payment standard for FMR will expand housing choices for families and deconcentrate poverty.
- Impact on affordability of housing costs for affected families (e.g., any change in how much affected families will pay towards their housing costs)**
 Families will, similarly, see an increase in their tenant rent portion. Due to increases in local market rents, all families will see an increase in rent regardless of their income status.
- Impact on the agency's waitlist(s) (e.g., any change in the amount of time families are on the waitlist)**
 This activity will not affect the waiting list.
- Impact on the agency's termination rate of families (e.g., any change in the rate at which families non-voluntarily lose assistance from the agency)**
 This activity will not affect the termination rate of families.
- Impact on the agency's current occupancy level in public housing and utilization rate in the HCV program**
 Due to an increase in HAP, this activity may affect the agency's current utilization rate in the HCV program. It is the expectation that this activity will have a neutral effect on the HCV utilization rate when combined and implemented with the other BHA MTW activities.
- Impact on meeting the MTW statutory goals of cost effectiveness, self-sufficiency, and/or housing choice**
MTW Statutory Objective – Housing Choice
 This activity will enlarge the pool of available and affordable housing choices from which a family can choose.
- Impact on the agency's ability to meet the MTW statutory requirements**
 The BHA will be able to meet the statutory objective of Housing Choice.
- Impact on the rate of hardship requests and the number granted and denied as a result of this activity**
 The BHA does not expect to see an increase in hardship requests as a result of this activity.
- Across the other factors above, the impact on protected classes (and any associated disparate impact)**
 This activity is based on income reviews, in which protected class is not a factor, and there is no anticipated impact on protected classes. Elderly and disabled participants are a protected class; however, this activity will not have a negative impact on them.

CORE QUESTIONS

1. Fiscal Year Introduced

2023

2. Fiscal Year Approved

2024

3. Status

Not implemented

4. Narrative

The BHA will decrease the frequency of tenant reexaminations from annual to triennial for all HCV households. This restructuring will allow families to have a more consistent rent portion over a longer period of time, and it will create more time for the BHA staff to attend to other business affairs. On the off years, when tenants are not required to complete a full reexamination, tenants will be required to complete a brief check-in with the BHA.

Interim recertifications will be limited to one interim per year at the request of the household. If the interim is for a decrease in income, only income decreases of 10% or more will be processed. Interim decreases will be limited to one during a calendar year and no interim decreases during the first six months after initial occupancy. Required interim recertifications for household composition changes, landlord rent increases, and Family Self-Sufficiency will not count against the limit on voluntary interim recertifications.

CUSTOM QUESTIONS

1. **What is the recertification schedule?**
Once every three years
2. **How many interim recertifications per year may a household request?**
1
3. **Please describe briefly how the MTW agency plans to address changes in family/household circumstances under the alternative reexamination schedule.**
Required interim recertifications for household composition changes or landlord rent increases will not count against the limit on voluntary interim recertifications.

IMPACT ANALYSIS

1. Impact on the agency's finances (e.g., how much will the activity cost, any change in the agency's per family contribution)

The BHA will decrease the frequency of tenant reexaminations from annual to triennial for all of its HCV households. The BHA predicts that this activity will produce operational cost savings, as staff are freed to manage other administrative affairs.

2. Impact on affordability of housing costs for affected families (e.g., any change in how much affected families will pay towards their housing costs)

This activity will allow the BHA's households to have a more consistent tenant rent portion over a longer period of time, which will consequently make the HCV programs more affordable for families.

3. Impact on the agency's waitlist(s) (e.g., any change in the amount of time families are on the waitlist)

This activity will not affect the waiting list.

4. Impact on the agency's termination rate of families (e.g., any change in the rate at which families non-voluntarily lose assistance from the agency)

This activity will not affect the termination rate of families.

5. Impact on the agency's current occupancy level in public housing and utilization rate in the HCV program

This activity will not affect the agency's current utilization rate in the HCV program.

6. Impact on meeting the MTW statutory goals of cost effectiveness, self-sufficiency, and/or housing choice

MTW Statutory Objective - Cost Effectiveness

This activity will decrease the administrative costs associated with processing annual and interim recertifications.

MTW Statutory Objective – Self-Sufficiency

This activity will incentivize participants to increase their income, knowing they may do so without the penalty of an increased tenant rent portion, thus propelling them towards a more self-sustained state.

7. Impact on the agency's ability to meet the MTW statutory requirements

The BHA will be able to meet the statutory objective of Cost Effectiveness.

8. Impact on the rate of hardship requests and the number granted and denied as a result of this activity

The BHA does not expect to see an increase in hardship requests as a result of this activity.

9. Across the other factors above, the impact on protected classes (and any associated disparate impact)

This activity is based on income reviews, in which protected class is not a factor, and there is no anticipated impact on protected classes.

Project-based, Moderate Rehab, Below Market Rate properties, and new luxury developments landlords are not eligible to apply for the incentive. Landlords will receive the incentive upon leasing to another HCV tenant (after an approved Request for Tenancy Approval and initial inspection).

Landlords and program participants will continue to be able to request a Special Inspection at any time, whether the unit passes or fails the first attempt of the most recent HQS inspection. BHA reserves the right to accept inspections performed by another entity (city, housing developers in conformity with HOME or LIHTC rules) in lieu of conducting an annual inspection, but at this time will continue to schedule annual inspections to be conducted by BHA's contract inspector.

As a member of the Landlord Incentives cohort, the BHA desires to document incentives already undertaken prior to acceptance into the MTW program for research purposes.

D. Safe Harbor Waivers

D.1 Safe Harbor Waivers seeking HUD Approval:

The MTW Operations Notice describes a simplified process for MTW agencies to implement MTW activities outside of the safe harbors described in Appendix I. For each Safe Harbor Waiver request, a document that includes the following information must be provided: (a) the name and number of the MTW Waiver and associated activity for which the MTW agency is seeking to expand the safe harbor, (b) the specific safe harbor and its implementing regulation, (c) the proposed MTW activity the MTW agency wishes to implement via this Safe Harbor Waiver, (d) a description of the local issue and why such an expansion is needed to implement the MTW activity, (e) an impact analysis, (f) a description of the hardship policy for the MTW activity, if applicable, and (g) a copy of all comments received at the public hearing along with the MTW agency's description of how the comments were considered, as a required attachment to the MTW Supplement.

Will the MTW agency submit request for approval of a Safe Harbor Waiver this year?

☒ **No**

E. Agency-Specific Waivers

E.1 Agency-Specific Waivers for HUD Approval:

The MTW demonstration program is intended to foster innovation and HUD encourages MTW agencies, in consultation with their residents and stakeholders, to be creative in their approach to solving affordable housing issues facing their local communities. For this reason, flexibilities beyond those provided for in Appendix I may be needed. Agency-Specific Waivers may be requested if an MTW agency wishes to implement additional activities, or waive a statutory and/or regulatory requirement not included in Appendix I.

In order to pursue an Agency-Specific Waiver, an MTW agency must include an Agency-Specific Waiver request, an impact analysis, and a hardship policy (as applicable), and respond to all of the mandatory core questions as applicable.

For each Agency-Specific Waiver(s) request, please upload supporting documentation, that includes: a) a full description of the activity, including what the agency is proposing to waive (i.e., statute, regulation, and/or Operations Notice), b) how the initiative achieves one or more of the 3 MTW statutory objectives, c) a description of which population groups and household types that will be impacted by this activity, d) any cost implications associated with the activity, e) an implementation timeline for the initiative, f) an impact analysis, g) a description of the hardship policy for the initiative, and h) a copy of all comments received at the public hearing along with the MTW agency's description of how the comments were considered, as a required attachment to the MTW Supplement.

Will the MTW agency submit a request for approval of an Agency-Specific Waiver this year?

☒ **No**

E.2 Agency-Specific Waiver(s) for which HUD Approval has been Received:

For each previously approved Agency-Specific Waiver(s), a set of questions will populate. Does the MTW agency have any approved Agency-Specific Waivers?

Hardship Policy

The BHA has established a hardship policy to evaluate individual circumstances to address hardship exemption requests.

Applicable Family Situations

Qualifying hardships include the following:

1. The family has experienced a decrease in income because of changed circumstances including,
 - a. Involuntary loss or reduction of employment
 - b. Death in the family
 - c. Involuntary reduction in or loss of earnings or other assistance
2. The family has experienced an increase in expenses because of changed circumstances, for
 - a. Medical costs that exceed 25% or more of the family's current expense
 - b. Childcare costs that exceed 25% or more of the family's current expense
 - c. Involuntary loss of transportation, such as a serious car accident
 - d. Education
 - e. Similar items
 - f. Such other situations and factors determined by the BHA to be appropriate.

Process for Agency Review and Determination

When a client requests a hardship exemption from an MTW activity, the BHA will take the following actions:

1. Suspend the MTW activity beginning the next month after the request until the agency has determined if the request is warranted.
2. Determine whether a hardship exists within a reasonable time after the family request and whether it is temporary or long term.
3. The BHA will not evict the family during the 90-day period beginning the month following the family's request for a hardship exemption.
4. If it is determined that a financial or other hardship exists and is **TEMPORARY**, the BHA will continue providing an exemption from the MTW activity at a reasonable level for up to 90 days. After that time, the BHA will reinstate the MTW activity from the beginning of the suspension. The BHA will offer the family a reasonable repayment agreement, on terms and conditions established by the BHA for the amount of back rent owed by the family.
5. If it is determined that a financial or other hardship exists and is **LONG-TERM**, the BHA will continue providing an exemption from the MTW activity at a reasonable level for a specified duration determined by the BHA. After that time, the BHA will reinstate the MTW activity from the beginning of the suspension. The BHA will offer the family a reasonable repayment agreement on terms and conditions established by the BHA for the amount of back rent owed by the family.
6. If it is determined that a financial or other hardship request did not meet hardship standards, the client must resume the MTW activity and collect any retroactive rent, if applicable, through a reasonable repayment agreement.

Resident and Participant Notification

The BHA will notify families of its Hardship Policy through its Administrative Plan, at intake, at recertification, and when a family is to be terminated due to an MTW activity.

Grievance Procedure

If a family's hardship request is denied, the family is permitted to go before the Hearing Officer for a second review.

Reasonable Accommodations

The BHA will address persons with handicaps requesting a reasonable accommodation under 24 CFR part 8 through the BHA's Reasonable Accommodations Policy and procedures.

Record Keeping

The BHA will keep clear records for hardship requests and determinations for three (3) years. These records are available for public review and inspection at the BHA's principal office during normal business hours and supplied to HUD if requested.
